

**NBCE DONATIONS SUPPORT  
STUDENT PARTICIPATION IN 2017 NCLC**

The National Board of Chiropractic Examiners (NBCE) is offering a donation to chiropractic colleges that will help offset travel expenses connected with sending students to the WFC/ACCRAC/NCLC conference in Washington, D.C., in March.

The Washington conference marks the first time in history that these three organizations have met together. According to NBCE Executive Vice President Dr. Norman Ouzts, "This donation is just one example of NBCE's vision to positively impact chiropractic by investing in our future leaders."

The NBCE will donate \$1,000 per school to colleges that have programs in place to support and encourage student attendance at the Washington NCLC. The NBCE has notified all schools about the available funds. Please address questions to Joanne Monath at [jmonath@nbce.org](mailto:jmonath@nbce.org) or 800-963-6224 ext 119.
