August 1998

Survey Participant's name  
Inside Address  
City, State Zip Code

Dear Colleague:

You have been selected as a member of a representative sample of chiropractors to participate in a milestone study of chiropractic practice in the United States. This scientific study has been designed to document the tasks, duties, and professional responsibilities of chiropractic practitioners on a national scale.

Your participation in this study will consist of completing a questionnaire and returning it to the National Board. Results of the study will be used to prepare a comprehensive report describing the chiropractic profession and to document future examination needs. Following your participation in the study, you will be sent a summary report of the outcomes of the study, and your name will appear in the study if you so indicate on the survey form.

In order that results of this project reflect the practice of chiropractors across a wide range of practice settings, it is important that you return a completed questionnaire. In a few days, you will be receiving your survey form. We look forward to your response.

Sincerely,

Louis P. Latimer, D.C., NBCE President

James J. Badge, D.C., Chairman  
NBCE Job Analysis Committee
