Date

Survey Participant
Inside Address
City, State Zip Code

Dear Colleague:

You have been selected as a member of a representative sample of chiropractors to participate in a milestone study of chiropractic practice in the United States. For the first time in the history of the chiropractic profession, a scientific study has been designed to document the tasks, duties, and professional responsibilities of chiropractic practitioners on a national scale.

Your participation in this study will consist of completing a questionnaire and returning it to the National Board. Results of the study will be used to prepare a comprehensive report describing the chiropractic profession and to document future examination needs.

In order that results of this project reflect the practice of chiropractors across a wide range of practice settings, it is important that you return a completed questionnaire. In a few days, you will be receiving your survey. We look forward to your response.

Sincerely,

Titus Plomaritis, D.C., NBCE President

D. Brent Owens, D.C., Chairman
NBCE Job Analysis Steering Committee

TP/DBO/raa
cc: NBCE Board of Directors
Mr. Horace C. Elliott, NBCE Executive Director
